Refreshment stations will be closed and trail markings will be removed after the time limits have expired.

Each competitor must take care of his/her food and water needs accordingly between the refreshment stations. Help of accompanying persons during the competition and alongside the trail is not allowed.

CHECKPOINTS AND SIGNPOSTS

Several checkpoints for runners will be placed alongside the trail in addition to refreshment stations. In the event of unsportly behaviour or ignoring the rules and terms of competition, such as non-arrival at checkpoint, the organising committee will be informed and will decide on immediate disqualification.

Both trails are placed on gravel roads, forest and hiking trails. Competitor should stick to the same road or trail until signposts divert him/her to other direction. Both trails will be marked with ribbons, signposts at key intersections as well as with writings and arrows on the ground or rocks nearby. Organising staff will be present at key intersections.

The security of competitors will be ensured by organising staff and emergency services. If at any time the emergency services or organising staff estimate that the competitor is not able to safely continue the race, the competitor is excluded from the race and given adequate assistance as well as transferred to the finish line if needed. If the competitor does not respect the decision of the organising staff or emergency services he/she is immediately disqualified.

TIME LIMITS AND RESIGNATION

Competition time is limited and competitors that want to be officially qualified have to finish the race within time limits. Finish-line time limit is 12:35 for 17km race and 15:15 for the 31km race. Time limit for the first and joint refreshment station Trnovska bajta (10,4km) is 11:15 for both races. Time limit for Kozlek (20km) refreshment station is 13:15. Refreshment stations will be closed and trail markings will be removed after the time limits have expired.

Competitors that resign during the race must inform the organiser at the nearest refreshment station or return to finish and notify the organisers or notify the organisers over the phone.

In the event of injury or if the competitor is unable to continue the race until the next refreshment station he/she must inform the organisers by phone or with help of co-competitors.

Having received the information that emergency services are required, the organiser will activate the emergency rescue services. Time of arrival depends on the location of the injured competitor and terrain difficulty. The duration of evacuation and time of arrival to finish line also depend on the reason of resignation.

The organisers may not provide any emergency services or directions after the expiry of time limits; organiser staff will direct the remaining competitors to the finish using the shortest route.
